IUCN WDM GTM

IUCN WDM PHASE I AND II REPORTS

Reports (1998-2003)

IUCN. 2003. *Promoting water demand management from local to regional level: Proceedings of the Exchange Visit Seminar for Directors Held at Cresta Bosele, Selebi Phikwe, Botswana, 9-11 July 2003*. IUCN Regional Office for Southern Africa, Harare.

IUCN. 2002. *Water demand management programme for southern Africa Phase II. Proceedings of the water demand management regional workshop, 16 and 17 April 2002, Johannesburg*. IUCN Regional Office for Southern Africa, Harare.

Goldblatt M, Ndamba J, Van der Merwe B, Gomes F, Haasbroek B, and Arntzen J. (eds.). 2000. *Water demand management: Towards developing effective strategies for southern Africa*. IUCN Regional Office for Southern Africa, Harare.

IUCN WDM Guidelines on Building Awareness and Overcoming Obstacles to Water Demand Management (2004)

- 💧 Policy makers and regulators
- 💧 Suppliers of bulk untreated water
- 💧 Suppliers of bulk treated water
- 💧 Large scale commercial irrigators
- 💧 Municipal water supply agencies
- 💧 Local rural water supplies
- 💧 Industrial process water
- 💧 Monitoring and evaluation of WDM programmes
- 💧 Integration of WDM at catchment scale

IUCN WDM Country Reports (1998-2002)

- 💧 Botswana
- 💧 Malawi
- 💧 Mauritius
- 💧 Mozambique
- 💧 Namibia
- 💧 South Africa
- 💧 Swaziland
- 💧 Zambia
- 💧 Zimbabwe

IUCN Analytical Papers (2002-2003)

- 💧 Urban water demand management in southern Africa: Information management system for implementation and monitoring
- 💧 Water demand management as a concept and a policy: Towards the development of a set of guidelines for southern Africa
- 💧 The institutional requirements for water demand management in southern Africa

IUCN Research Papers (2002-2003)

- 💧 Overcoming constraints to the implementation of water demand management in southern Africa
- 💧 The costs and benefits of water demand management
- 💧 Research study for the application of water demand management to rural areas (Zambia)
- 💧 Factors affecting the implementation of WDM strategies in southern Africa: Cross-cutting assessment of water demand management technologies
- 💧 Incorporation of water demand management in national and regional water policies
- 💧 Illustrating the benefits of water demand management in southern Africa

IUCN-WaterNet, Tertiary Training Module (2003)
